# Reference Section

All the reference information is in one section, making it easy to find what you need to know ... and easy to use the book on a daily basis. This section is visually identified by a vertical black bar on the page edges.

In this Reference Section we've included Change Order Procedures and Considerations, with reference tables, explanations, and estimating information that support how we developed the unit price data; Crew Listings, a listing of all crews, equipment, and their costs; Historical Cost Indexes for cost comparisons over time; City Cost Indexes and Location Factors for adjusting costs to the region you are in; and an explanation of all the Abbreviations in the book.
